

PSYCHIC & MEDIUMSHIP DEVELOPMENT WITH JOHN AND TRACEY FELTNER FEBRUARY 27TH-28TH, 2010 (TWO DAYS)

www.thirdeyeworkshops.com

The dynamic partnership of John and Tracey Feltner are back in Witney to host for us a special weekend, based on psychic and mediumship development FOR ALL ABILITIES!

Both working mediums and spiritual counsellors, John and Tracey have abundant experience in this field. They have hosted many workshops for 'Thirdeye workshops' and remain increasingly popular.

This weekend comprises of a one day workshop on Psychic development and the next day venturing into Mediumship development. You can attend as a one day student or a weekend student, the choice is yours, although the benefit of attending the whole weekend will be evident.

• SATURDAY 27TH FEBRUARY:

We all have a natural Psychic ability, so this workshop is aimed at enhancing what is already within. You will be guided through the day using various tools, skills and techniques, which should enable you to make stronger psychic links and learn more about how to do a psychic reading. By using cards, psychometry etc and of course, your intuition.

For anyone who is a beginner or who is already working in a group.

• SUNDAY 28TH FEBRUARY:

This is a day for those who would like to move forward with their psychic ability and take it to another level. To progress by hopefully making a link and communicating with the spirit world (mediumship). Learn the difference between psychic and mediumistic messages and how the two can work hand in hand. Open for students of all levels, just be open-minded!
